# ANNOUNCEMENT

## App Update

The new Kura Passenger and Observer App version will launch on the 4<sup>th</sup> of April.

## WHAT'S NEW

#### Navigation

Improved nav includes passenger filtering & side menu for quick access

#### Bookings

Choose journeys and dates more quickly

### Amendments

You can now make changes directly from the passenger schedule

### And more

We're constantly improving functionality across the app and we will continue to release regular updates to improve your experience

### What do you need to do?

If you have auto updates enabled your app will automatically download the newer version, if not you can update using the button in the iOS App or Google Play store listings from 04/04/23.
