PRIVACY POLICY GDPR

About

Dollar Academy, a registered charity registered in Scotland with SC009888 and whose registered office is at 23 West Burnside, Dollar, FK14 7DZ (the "School"), is a "data controller". This means that we are responsible for deciding how we hold and use personal information about you.

We process data on the following categories of people:

How the Data is Used

We obtain pupil information via data collection forms at the start of each academic year. In addition, when a child joins us from another school we receive a secure file containing relevant information. Pupil data is essential for the school's operational use. Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis (through actively given with informed consent). In order to comply with GDPR we will inform you at the point of collection, whether you are required to provide certain pupil information to us or if you have a choice in this.

The Lawful Basis for Processing the Data

At Dollar we use biometric data (fingerprinting) for payment in the canteen. We only collect information about ethnic origin to ensure that we are an equal opportunities employer. If we find it necessary to process any other special category of data we will ask for explicit consent to do so.

Please note: the majority of our processing will not be done on the basis of consent. Consent is not relied upon for any processing essential for educating our pupils. Where we process rare data on the basis of consent (for example – use of pupil photos on websites, social media) we will explicitly ask for this, and chiefly through our contract with parents.
